

Neutral Density Filters

GENERAL

Neutral density filters are offered in fixed densities ranging from 0.1 to 4.0. This coating is provided complete on float glass substrates or can be applied to other substrates provided by our customers.

SPECIFICATIONS

- Substrate: Float glass, .060"
- Dimensions: 0.5" to 2.0" diameters, Rectangles up to 2" also available
- Edgework: Diameters = ground edges, Rectangles = cut edges
- Surface Quality: 80/50
- Coating: Densities from 0.1 – 4.0

PRICE LIST

Density	Filter Size	Price/Each	
		20-49 pcs.	50+ pcs.
0.1 – 1.0	0.5 x 0.5	\$14.00	\$12.60
	12.5mm diameter	\$15.00	\$13.50
	25mm diameter	\$25.00	\$22.50
	1.0" x 1.0"	\$24.00	\$21.60
	2.0" x 2.0"	\$34.00	\$30.60
1.1-4.0	50mm diameter	\$35.00	\$31.50
	0.5 x 0.5	\$18.90	\$17.00
	12.5mm diameter	\$19.90	\$17.90
	25mm diameter	\$32.50	\$29.25
	1.0" x 1.0"	\$31.50	\$28.35
	2.0" x 2.0"	\$49.00	\$44.00
	50mm diameter	\$50.00	\$45.00

We stock uncoated diameters in 1" and 2" sizes and offer fast turnaround on coated parts. Please specify size and density requirements.
